Award Description	<p>The City of Seattle, bringing together partnerships with over 40 public, private, and non-profit partners, is committed to the twin goals of 1) drastically reducing carbon emissions by fostering a clean energy economy that relies on energy efficiency as a primary source of power and 2) putting Americans to work in family-wage green jobs weatherizing and retrofitting buildings where we all live and work. The project takes a neighborhood and building-by-building approach to achieving energy efficiency by engaging all residents, businesses and buildings in this historic effort ? diverse communities, young and old, rich and poor, homeowners and renters, workers and business</p>

owners. To accomplish this goal we have designed a program in which virtually everyone in our targeted district will become aware of and involved in reducing energy use and associated emissions. With the critical support of funds from this grant, within three years, we will achieve a market penetration rate of more than 20% of energy efficiency in our targeted markets ? paving the way for up to an 80% market share within a decade as well as the rapid growth and adoption of energy services and practices throughout the rest of Seattle and among the 5 million people in the broader region of western Washington.
